Emergencies

What constitutes an emergency, and whom should you call? Typically, any event that could endanger a person's safety or could cause damage to the building should be considered an emergency. If there is fire, smoke, running water or a threatening intruder, you should immediately call the following number(s):

- Fire - 911
- Smoke - 911
- Significant water leak or flood - (608) 251-0707
- Security issues - If life threatening - 911; otherwise, (608) 251-0707
