

25 West Main Handbook

Overview

The 25 W Main ramp contains 6 levels of underground parking with 528 spaces that are available on either a monthly or an hourly basis.

The entrance / exit to the 25 W Main parking ramp is conveniently located at 122 W Doty Street between Hamilton and Carroll Streets, directly across the street from the Dane County Courthouse.

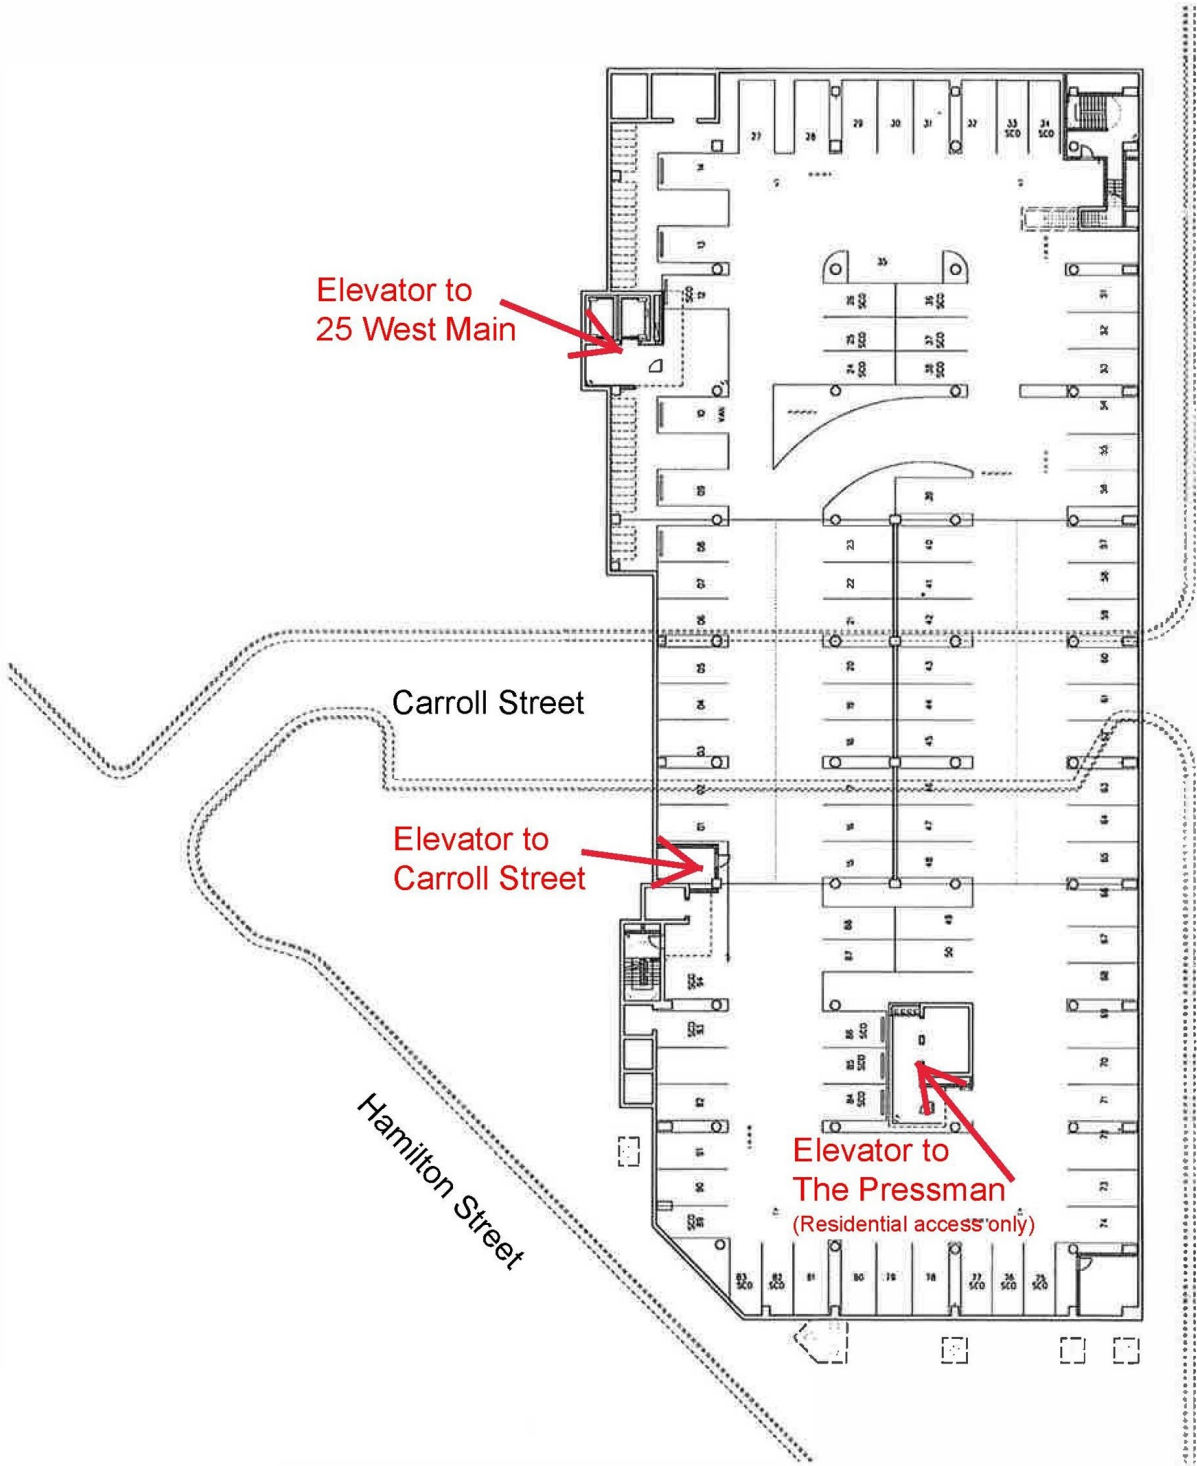

A portion of the first level of the parking ramp is reserved for visitors and clients of tenants.

Please note: As of September 1st 2021 Urban Land Interests does not offer Electric Vehicle Charging in our commercial parking spaces, though we are actively researching options to deliver this service as soon as possible. Also please be aware that outlets in the ramp are covered and not intended for parker use.

The lower levels of the parking ramp are for use by monthly parkers. The parking ramp is connected on every level by elevator lobbies that serve each of the buildings.

In addition to the elevator lobbies, the ramp has two stairwells and an elevator that provides access directly to Carroll Street. One stairwell leads to the sidewalk level of Doty Street and one leads to the Capitol Square at Carroll Street.
