

25 West Main Handbook

Receiving Area

The loading dock / receiving area for 25 W Main is located at the rear of the building with access from Doty Street (just past Carroll Street). This receiving area will accommodate medium-sized and smaller trucks.

There is a lift on the west side of the dock that has a 6,000 lb capacity and a 58" lift height. The clearance for the overhead doors is 15'.

The loading dock is not able to be reserved, it is available on a first come, first serve basis. Deliveries should be unloaded/loaded right away and vehicles then moved out of the dock area.
